Hello and welcome to Notgrass Exploring America- High School US History! We will cover the entire book over the course of this year. At the beginning of each unit is a blue page listing all work and projects to choose from to be completed by the end of the unit. Each daily lesson will have a list of assignments at the end to be completed. Students are expected to come to class prepared and ready to participate. All assignments should be completed prior to coming to class.

As usual with Notgrass curriculum a student may earn credits in History, English and Bible. Please refer to the Guide for Parents which accompanies the Answer Key in your child's curriculum package on how utilize this option.

I will not grade work or administer quizzes or tests; that is left to the parent.
